September 2020

Dear parents/carers,

It is not currently possible for the Academy to provide shared calculators for use in Maths lessons. In order to ensure that all students can continue to progress through the Maths curriculum, we are asking parents/carers to ensure their child arrives to each Maths lesson with a calculator.

The calculators that our students will use in their GCSE examinations are Casio FX83GTX. We strongly encourage that this is the calculator your child uses in school, in order to develop familiarity.

These can be purchased via WisePay by 30th September, for a reduced price of £9.60. They will be provided for free for all pupil premium students.

Yours sincerely,

Tom Riley
Director of Learning for Maths
