

15th October 2019

Dear parents/carers,

In an effort to assist students with their Mathematics GCSE revision, we have available some reduced-price revision materials endorsed by the exam boards we use.

The revision guides cover material and possible questions for all elements of the Mathematics GCSE, allowing students to become more confident in approaching the examinations.

The Maths faculty at de Ferrers is committed to ensuring that your child receives the best possible results and we hope that these revision materials will help to move your child a step closer to achieving their desired grade.

The revision guides we have available are:

- GCSE Mathematics Revision Guide OCR - £2.85
- CorbettMaths Revision Cards - £7.50

Payment should be made through WisePay before the deadline of the 24th October 2019. Revision materials will be distributed by class teachers upon arrival.

Yours sincerely

Mrs K Freeman, Key Stage 4 Leader for Maths

IN PARTNERSHIP WITH PARENTS/CARERS
