

A Level Psychology

Summer Work

Deadline – first lesson with RJH in September

Resources

Powerpoint of Social Learning Theory of Psychology

Textbook p128-129

Topic – Approaches to Psychology

- Explain what is meant by imitation, identification, modelling, vicarious reinforcement and meditational processes (2 marks each)

Imitation

Identification

Modelling

Vicarious Reinforcement

Meditational Processes

- Outline the main findings of Bandura's research into social learning (4 marks)

- Apply your knowledge – Jack and Jess – Read the scenario to explain Jack's behaviour and suggest why Jess does not behave in the same way after watching violent programmes on TV

- Read through STRENGTHS and LIMITATIONS of the theory and make a table with them in (Be prepared to explain first lesson back)

<u>Strengths</u>	<u>Limitations</u>
