

Up Learn: A Level learning and revision platform

Principal: Mrs K D Hardy B.Ed (Hons) MA NPQH

Dear Parents and Carers

As part of our strategy to ensure that your child's A-level success is not hampered by the ongoing disruption to education caused by the current situation, we are introducing a new learning platform. Up Learn is a revolutionary online independent learning and revision platform for A-Level subjects. We have recently purchased an Up Learn license for every Y12 student taking Maths, Economics, Psychology, Chemistry and Physics. This platform will support the teaching that students receive in the Academy and remotely (during the current circumstances). It also provides an excellent opportunity for students to be proactive in their learning, in order to further master topics or address any perceived knowledge gaps.

Your child now has access to hundreds of online video lessons covering their A Level course, available any time on a computer, iPad or phone. Up Learn is best used to complement what students are learning in the classroom:

- Introductory video lessons ease students into new topics, break down complex material and ensure students are coming to class ready to stretch their knowledge beyond the basics
- Video content reinforces what they are learning in class and gives them the chance to catch up on any missed lessons
- Topic quizzes make sure students are retaining course content and help identify any knowledge gaps
- Exam how-to and practice papers (created exclusively for Up Learn by official examiners) ensure that students are comfortable with the jump in exam technique from GCSE to A Level

Up Learn build their courses using cutting-edge technology and robust research from the field of cognitive science to make sure students are learning as effectively as possible. The platform uses artificial intelligence to track students' progress and personalise their learning schedule for maximum results.

For more information regarding the Up Learn platform please visit uplearn.co.uk where you will find a 'frequently asked questions (FAQ)' section.

Yours sincerely

Andy Jones
Vice Principal
